

Mackinnon & Partners

Who We Are?

Mackinnon & Partners, established in Seabrook, Texas. We aim to provide first class candidates to a variety of emerging and established markets with a wealth of knowledge in the renewables, oil and gas, construction, finance & manufacturing industries. Senior management has over 40 years of experience in the industry, globally and within the US market. Mackinnon & Partners understand the need for a streamlined recruitment process and due to this, we tailor our approach and structure to the needs of each and every partner throughout the full staffing lifecycle.

Our Approach

Creating tailored, innovative solutions for our partners to see our team as a value add service. Being candidate driven we have already proactively pipelined skill sets that are in high demand to ensure no loss of time during the process.
